'I started watching the t.v. and the daily news and this news all about the same – about America's threat and this threat and this war is injustice ..

I don't know if I could stay wrote this letters because maybe my life is too short and the responsible is America .. am just a young girl, am just 17 year old, and am not afraid from America or the death cause my fate is not in the hands of America but in the hands of God ..

and if I didn't die in these days I will always hate the American Government.'

America wants to establish a world where all submit to its will.

a tyrant empire

## The Project for the New American Century (PNAC)

is a Washington-based think tank created in 1997. Above all else, PNAC desires and demands one thing:

The establishment of a **global American empire** to bend the will of all nations. They chafe at the idea that the United States, the last remaining superpower, does not do more by way of economic and military force to bring the rest of the world under the umbrella of a new socio-economic Pax Americana.

The fundamental essence of PNAC's ideology can be found in a White Paper produced in September of 2000 entitled "Rebuilding America's Defenses: Strategy, Forces and Resources for a New Century." In it, PNAC outlines what is required of America to create the global empire they envision.

To the current scenario - is the implementation of the plan. The Iraq war purportedly about ridding the world of Saddam Hussein's weapons. Bush has deployed massive forces into the Mideast region, while simultaneously engaging American forces in the Philippines and playing nuclear chicken with North Korea. These are the "major theater wars" desired by the PNAC report.

Iraq is but the beginning, a pretense for a wider conflict. America will establish permanent military bases in Iraq after the war. This is purportedly a measure to defend the peace in the Middle East, and to make sure the oil flows. The nations in that region, however, will see this for what it is: a jump-off point for American forces to invade any nation in that region they choose to.

The defense contractors will be handsomely paid for arming this new American empire. The corporations that own the news media will sell this eternal war at a profit, as viewership goes through the stratosphere when there is combat to be shown. Those who believe that the defense of Israel is contingent upon laying waste to every possible aggressor in the region will have their dreams fulfilled. The PNAC men who wish for a global Pax Americana at gunpoint will see their plans unfold. Through it all, the bankrollers from the WTO and the IMF will be able to dictate financial terms to the entire planet.

## THE REWARD

A LIBERATED WORLD  
WITHOUT THESE **THREE TERRORISTS**

# KALEIDOSCOPE

A few weeks back, after a Friday prayer, a group of representatives from Iraq gave a talk. In the talk they urge everyone to help our brothers & sisters in Iraq.

Very few, for sure, would be able to go there to assist directly. Some just may be able to donate and give financial support. But, the majority should not back down and merely watch, do in whatsoever capacity can: writing, reading, informing, etc.

Thus pleaded by the speakers....

**"Be the change you want the world to be"**, Mahatma Gandhi once said.

Inspired, though the grammar kind of not perfect, neither the views kind of a great worth, (never got A in English though) I wish this humble, tiny thing would, in some way, be of a contribution for a greater cause.

{... pause ... a while ... laugh a little'...}

I know, I know....

At present, everyone automatically becomes an instant analyst, expert, he-who-knows, resulting to everyone flooded by information churned out from the so-called "analysts", "experts", "dr-know-all"... consequently, they lost, drowned in the sea of information ...

a situation best described by T.S. Elliot's choruses from 'The Rock' :

**All our KNOWLEDGE brings us nearer to our IGNORANCE**

...  
**Where is LIFE we have lost in LIVING ?**

**Where is WISDOM we have lost in KNOWLEDGE ?**

**Where is KNOWLEDGE we have lost in INFORMATION ?**

{hmmm...}

And truly, this happened to me....

...that I decided to write instead {hahahaha... what an irony it is}

...to put a little drop of water to the information flood {yeah, sure.....}.

...as a saying goes, a little drop of water, in a thousand years, softens a hard rock..... {quite deep.. quite deep}

**Now to the real issue...**

The two preceding extracts show,

The emotion of a victim of American terror, who believes fate lies in the Hands of God and not Bush/Blair.

The true plan of Bush's people, whose desire is to conquer the world, establishing a One-World government to whom other nations should ever be enslaved.

Now, as one should ever ask,

Man plan, and so do God. And whose plan would succeed ? And whose plan is for the best ?

The victim believes in God, put her trust wholly to God. The invaders believe in their plan, put all the trust in their man-made plan

Now, again, as one should ever reason,

Belief in God, Should bring peace

Disbelief, Wrought about carnage, greed, and chaos.

-----  
So, to attain peace... Should believe in God, Should return to Islam, as Islam connotes peace, as Islam requires belief in the Creator.

**ISLAM = PEACE**

So, why do they want to attack Islam ?

because

**ISLAM = PEACE**

They don't want peace, they want instabilities, they want wars, they want economic turmoils, whatsoever...

That then they could sustain their greed for power and wealth...
